Low Ropes Course & Ground Initiatives

Test your group dynamics through safe and challenging ground initiatives or add an element of perceived risk on low ropes. These experiences often result in increased awareness in communication, problem-solving, perspective, camaraderie, ability, and efficiency.

Our facility contains over 55 high air elements, a rock climbing wall, ground and stand-alone elements, and up to 32' of high air challenge courses.

The course is conveniently located one hour north of Pittsburgh and one hour south of Erie, near the Grove City Premium Outlets.
