

COMPREHENSIVE HOME-BASED SERVICES

OUR PHILOSOPHY

The philosophy of George Junior Republic is that at-risk youth should be treated in the least restrictive environment appropriate to their needs and safety. Many families can be maintained in their homes with a structured routine and support systems. In an effort to further this philosophy, George Junior Republic offers Comprehensive Home-Based Services.

ABOUT THE PROGRAM

Comprehensive Home-Based Services seek to prevent out of home placement as well as reunification support using evidence-based treatment such as Trauma-Focused Cognitive Behavioral Therapy (TF-CBT) or Motivational Interviewing (MI). Each family will be assessed to determine the most effective treatment plan for youth and family.
